Welcome to the Minnesota Craniofacial Center, one of the few clinics nationwide devoted entirely to the treatment of TMJ disorders and head and neck pain. We are looking forward to meeting you! Please note 2+ hours have been especially reserved for you. If you cannot keep your appointment please give us at least 24-hours' notice.

Enclosed are several forms. Please fill them out completely and do not leave any spaces blank. If a question does not apply to you put N/A in for "not applicable." These forms help us to meet your health care needs.

These forms MUST be completed before you can be seen for your appointment. If you arrive without the forms completed, your appointment time may need to be rescheduled.

Be sure to include all information we will need to properly file your insurance, and bring your insurance card with you to your appointment. Please note that although the insurance has been filed, you will be receiving monthly statements until your account has been paid in full. A form is enclosed for your use in calling your insurance company and confirming your coverage. Please be sure to call the customer service number on the back of your insurance card and fill out this form before your appointment.

We know that people in pain are uncomfortable sitting for long periods of time, and completed forms will shorten your first appointment. Some of the material is repetitive but it will help us to be thorough and help you receive all appropriate insurance benefits. If you have any questions or difficulty with the forms, please call us at (651) 642-1013. Thank you for your cooperation.

Your first appointment will consist of a thorough examination of your head, jaws, and neck. Avoid turtlenecks, high collars and shoulder pads and wear your hair pulled back from your neck. Since we may need to take radiographic films or perform other tests, we may ask you to remove your makeup or jewelry. Spouses or parents of children are encouraged to accompany patients, especially to the initial examination.

Temporomandibular joint disorder/dysfunction is often misunderstood and difficult to diagnose. Possibly you are one of the many people we see who have been told their pain is not real. We will do everything possible to track down the cause of your pain and help you eliminate it.

Sincerely,

Kim Ledermann, DDS, MS

Insurance Information—Please Read!

The following information will be reviewed with you at your first visit. It must be completely filled out in order for us to give you the most accurate **estimation** of your benefits.

If you have medical insurance and would like to receive the maximum benefits available to you from your insurance company, it is important that **you** contact your insurance company **prior to your first visit in our office**. We certainly are happy to answer any insurance questions you may have, but please understand, MN Craniofacial Center can only assist you and cannot guarantee payment from your insurance company.

Non-Surgical TMJ Benefits

Please call your medical insurance company for the following information:

1. Do I have a deductible? Yes or No
   How much is the deductible? ___________
   How much of the deductible has been met? ____________

2. Do I need a Prior Authorization for DME (Durable Medical Equipment)? Yes or No
   (Give DME CODE **D7880** to your insurance representative. If that code does not work try **21110**)

   Fax number to send prior authorization: _________________________

3. Copayments are due on the day of service. How much is my office copay? __________________

4. Which of these services will be applied to my deductible, and what percentage of the fee do I pay for them:
   A. X-Rays: _______________
   B. Office Visits: _______________
   C. DME (Durable Medical Equipment): ______________
   D. Physical Therapy: __________________

Name of representative you spoke with _________________________________ Date ________

Repair Charges: Repair charges for broken oral appliances are the patient's responsibility to pay and the amount will vary, depending on the type of repair needed. Repair charges are not a covered service by your insurance company.

Your insurance plan may require a referral from your primary care physician to be seen in our office. You are responsible for being aware of this and for obtaining this referral if it is required.

History of Presenting Complaint

Welcome to our office! Today you will be given a complete examination of your mouth, head, neck, and jaw. This will include a careful inspection of your teeth, jaw joints, chewing muscles, and your occlusion (bite). Other records such as x-rays, computerized jaw tracking, MRI, and diagnostic models may be necessary to form a complete diagnosis. Please answer as many questions as possible, and write freely on the discussion questions. Some of the material is repetitive, but it is necessary both to help us be thorough and so we may help you obtain any insurance benefits that may apply. Thank you for your help.

THE EPWORTH SLEEPINESS SCALE

How likely are you to doze off or fall asleep in the following situations, in contrast to just feeling tired? This refers to your usual way of life in recent times. Even if you have not done some of these things recently, try to decide how they are likely to affect you. Use the following scale to choose the most appropriate number for each situation, and write the number in the blank:

0 = Would Never Doze
1 = Slight Chance of Dozing
2 = Moderate Chance of Dozing
3 = High Chance of Dozing

Situation:	**Chance of Dozing:**
Sitting and reading	_____________
Watching TV	_____________
Sitting, inactive in a public place such as a theater or a meeting	_____________
As a passenger in a car for an hour without a break	_____________
Lying down to rest in the afternoon when circumstances permit	_____________
Sitting and talking to someone	_____________
Sitting quietly after a lunch without alcohol	_____________
In a car, while stopped for a few minutes in traffic	_____________

CHRONIC PAIN INVENTORY

We at the Minnesota Craniofacial Center are concerned with the general wellbeing of our patients, and factors such as environmental stressors, lifestyle, and nutrition can play a part in your overall health and speed of recovery. As our goal is to provide you with the best care possible, we ask that you complete the questions below.

Over the last 2 weeks how often have you been bothered by any of the following?

	None	Several Days	More than Half the Days	Nearly Every day
1) Feeling nervous, anxious, or on edge	0	1	2	3
2) Not being able to stop or control worrying	0	1	2	3
3) Feeling down, depressed, or hopeless?	0	1	2	3
4) Little interest or pleasure in doing things	0	1	2	3

The thought of harming myself has occurred to me (circle one) YES NO

Disorders of the TMJ and pain go hand in hand. Long-term, or chronic, pain can sometimes contribute to effects such as depression, anxiety, and decreased quality of life. The psychological effect from pain in turn can exacerbate the chronic pain.

We are very optimistic that once function is restored and balance is achieved through treatment with us that the pain will resolve or become manageable. However, chronic pain can sometimes cause such a disturbance that restoring balance and function and removing the source of the physical pain is not enough, and this may need to be addressed specifically. If we feel that the effects of chronic pain are inhibiting your treatment with us, we may recommend that you consider seeing someone such as a pain psychologist. If you would prefer a referral now, please let us know.

Practice policies

We thank you for selecting us to serve your needs. Our entire staff is a team dedicated to provide the highest quality care and service to our patients. We take great pride in each staff member's training and capabilities. So that we might all enjoy a smooth working relationship, we ask you to take a few minutes to read over our practice policies:

APPOINTMENTS: We strive to keep our patient's “waiting time” to a minimum, as we recognize that your time is valuable. Therefore, we are able to see our patients on an appointment basis only (with the exception of emergencies). We consider an appointment made to be an agreement and commitment between our office and our patients, and we rely on our fine patients to abide by their agreement. We reserve the right to reschedule your appointment if you arrive more than 15 minutes past your scheduled appointed time.

EMERGENCIES: As emergencies do arise, we ask your patience and understanding in the event of our having to place an emergency patient in front of your appointment slot. We will try to inform you of any changes necessary ahead of time, if at all possible.

FINANCIAL ARRANGEMENTS: During your first visit, our accounts manager will meet with you. Please direct all inquiries about your account to her rather than to the treatment staff. Our accounts manager will be most happy to discuss how our office handles your insurance benefits, if applicable; how your co-payments (if any) are to be taken care of; how any secondary insurance is handled; and how our office financial policy is administered. She will help you arrange the most suitable method of payment for your care. For your convenience, we accept Visa and Master Card.

INSURANCE: As a courtesy to you, we will be happy to submit all insurance claims for services rendered in our office. However, it is up to you to know if your insurance plan requires a referral or a prior authorization, whether insurance deductibles have been met, if there are plan exclusions for TMJ treatment or dental sleep appliances, what percent of coverage you have, whether you are required to make co-payments and what the co-payment will be, and what your plan maximum coverage is per year. Please see the enclosed form to use when calling your insurance company.

OUR COMMITMENT TO YOU: We appreciate having you as a patient in our practice. We will do everything to deliver the highest quality care in a safe, comfortable and caring environment. Please do not hesitate to ask any questions you might have about our services and office policies. In addition, if you are satisfied with our services, please feel free to tell a friend. We welcome new patients and appreciate referrals of your family and friends.

YOUR COMMITMENT TO US: I understand that I am ultimately responsible for my account in this office, regardless of what insurance benefits or other third-party compensation may or may not be applied to my account. I authorize payment of any medical benefits directly to MCC. If my insurance denies coverage for my treatment and an appeal is necessary, I will be expected to pay my balance due within 30 days of receiving the denial. If, after the appeal, my insurance does issue payment to MCC, then MCC will issue me a refund.

I also consent to the release and retrieval of my personal health information by MCC to and from my medical and/or any automobile or other insurance companies, and all third parties involved in my care. I agree to a charge of $50 if I fail or $25 if I cancel a scheduled appointment **without giving MCC a 24-hour notice.**
