Welcome to the Minnesota Craniofacial Center, one of the few clinics nationwide devoted entirely to the treatment of TMJ disorders, head and neck pain, and sleep treatment. We are looking forward to meeting you! Please note 2+ hours have been especially reserved for you. If you cannot keep your appointment please give us at least 24-hours' notice.

Enclosed are several forms. Please fill them out completely and do not leave any spaces blank. If a question does not apply to you put N/A in for "not applicable." These forms help us to meet your health care needs.

**These forms MUST be completed before you can be seen for your appointment.** If you arrive without the forms completed, your appointment may need to be rescheduled.

Be sure to include all information we will need to properly file your insurance, and bring your insurance card with you to your appointment. Please note that although the insurance has been filed, you will be receiving monthly statements until your account has been paid in full. A form is enclosed for your use in calling your insurance company and confirming your coverage. Please be sure to call the customer service number on the back of your insurance card and fill out this form before your appointment.

We know that people in pain are uncomfortable sitting for long periods of time, and completed forms will shorten your first appointment. Some of the material is repetitive but it will help us to be thorough and help you receive all appropriate insurance benefits. If you have any questions or difficulty with the forms, please call us at (651) 642-1013. Thank you for your cooperation.

Your first appointment will consist of a thorough examination of your head, jaws, and neck. Since we may need to take radiographic films or perform other tests, we may ask you to remove any jewelry on your head, neck, or face. Spouses or parents of children are encouraged to accompany patients, especially to the initial examination.

Temporomandibular joint disorder/dysfunction is often misunderstood and difficult to diagnose. Possibly you are one of the many people we see who have been told their pain is not real. We will do everything possible to track down the cause of your pain and help you eliminate it.

Sincerely,

Kim Ledermann, D.D.S., M.S.

## **Insurance Information—Please Read!**

Please note that it is your responsibility to understand your insurance benefits and coverage. Filling out this form will help us give you the most accurate **estimation** of your benefits. We will submit to your insurance as a courtesy.

If you have medical insurance and would like to receive the maximum benefits available to you from your insurance company, it is important that **you** contact your insurance company **prior to your first visit in our office**. We certainly are happy to answer any insurance questions you may have, but please understand, MN Craniofacial Center can only assist you and cannot guarantee payment from your insurance company.

### **Please call your medical insurance company for the following information:**

1. Do I have non-surgical TMJ benefits? Yes or No

2. Does my benefit plan have any exclusion for TMD treatment or durable medical equipment (DME)? Yes or No

## THE EPWORTH SLEEPINESS SCALE AND STOP BANG QUESTIONNAIRE

How likely are you to doze off or fall asleep in the following situations, in contrast to just feeling tired? This refers to your usual way of life in recent times. Even if you have not done some of these things recently, try to decide how they are likely to affect you. Use the following scale to choose the most appropriate number for each situation, and write the number in the blank:

- 0 = Would Never Doze
- 1 = Slight Chance of Dozing
- 2 = Moderate Chance of Dozing
- 3 = High Chance of Dozing

Situation:	Chance of Dozing:
Sitting and reading	
Watching TV	
Sitting, inactive in a public place such as a theater or a meeting	
As a passenger in a car for an hour without a break	
Lying down to rest in the afternoon when circumstances permit	
Sitting and talking to someone	
Sitting quietly after a lunch without alcohol	
In a car, while stopped for a few minutes in traffic	
<b>TOTAL POINTS:</b>	

**Please check all that apply:**

Do you <b>SNORE</b> loudly (louder than talking or loud enough to be heard through closed doors)?	
Do you feel <b>TIRED</b> , fatigued, or sleepy during the daytime?	
Has anyone <b>OBSERVED</b> you stop breathing during sleep?	
Do you have, or are you being treated for high blood <b>PRESSURE</b> ?	
<b>BMI</b> higher than 35kg/m <sup>2</sup> ?	
<b>AGE</b> over 50 years?	
<b>NECK</b> circumference >16 inches (40cm)?	
Is your <b>GENDER</b> male?

## CHRONIC PAIN INVENTORY

We at the Minnesota Craniofacial Center are concerned with the general wellbeing of our patients, and factors such as environmental stressors, lifestyle, and nutrition can play a part in your overall health and speed of recovery. As our goal is to provide you with the best care possible, we ask that you complete the questions below.

Over the last 2 weeks how often have you been bothered by any of the following?

	None	Several days	More than half the days	Nearly every day
1) Feeling nervous, anxious, or on edge	0	1	2	3
2) Not being able to stop or control worrying	0	1	2	3
3) Feeling down, depressed, or hopeless?	0	1	2	3
4) Little interest or pleasure in doing things	0	1	2	3

The thought of harming myself has occurred to me (circle one):    YES    NO

Disorders of the TMJ and pain go hand in hand. Long-term, or chronic, pain can sometimes contribute to effects such as depression, anxiety, and decreased quality of life. The psychological effect from pain in turn can exacerbate the chronic pain.

We are very optimistic that once function is restored and balance is achieved through treatment with us that the pain will resolve or become manageable. However, chronic pain can sometimes cause such a disturbance that restoring balance and function and removing the source of the physical pain is not enough, and this may need to be addressed specifically. If we feel that the effects of chronic pain are inhibiting your treatment with us, we may recommend that you consider seeing someone such as a pain psychologist. If you would prefer a referral now, please let us know.

### Practice policies

*We thank you for selecting us to serve your needs. Our entire staff is a team dedicated to providing the highest quality care and service to our patients. We take great pride in each staff member's training and capabilities. So that we might all enjoy a smooth working relationship, we ask you to take a few minutes to read over our practice policies:*

**APPOINTMENTS:** We strive to keep our patient's waiting time to a minimum, as we recognize that your time is valuable. Therefore, we are able to see our patients on an appointment basis only (with the exception of emergencies). We consider an appointment made to be an agreement and commitment between our office and our patients, and we rely on our fine patients to abide by their agreement. We reserve the right to reschedule your appointment if you arrive more than 15 minutes past your scheduled appointed time.

**EMERGENCIES:** As emergencies do arise, we ask your patience and understanding in the event of our having to place an emergency patient in front of your appointment slot. We will try to inform you of any changes necessary ahead of time, if at all possible.

**FINANCIAL ARRANGEMENTS:** During your first visit, our patient care manager will meet with you. Please direct all inquiries about your account to her rather than to the treatment staff. Our patient care manager or billing specialist will be most happy to discuss how our office handles your insurance benefits, if applicable; how your co-payments (if any) are to be taken care of; how any secondary insurance is handled; and how our office financial policy is administered. She will help you arrange the most suitable method of payment for your care. For your convenience, we accept Visa and Mastercard.

**INSURANCE:** As a courtesy to you, we will be happy to submit all insurance claims for services rendered in our office. However, it is up to you to know if your insurance plan requires a referral or a prior authorization, whether insurance deductibles have been met, if there are plan exclusions for TMJ treatment or dental sleep appliances, what percent of coverage you have, whether you are required to make co-payments and what the co-payment will be, and what your plan maximum coverage is per year. Please see the enclosed form to use when calling your insurance company.

**OUR COMMITMENT TO YOU:** We appreciate having you as a patient in our practice. We will do everything to deliver the highest quality care in a safe, comfortable and caring environment. Please do not hesitate to ask any questions you might have about our services and office policies. In addition, if you are satisfied with our services, please feel free to tell a friend. We welcome new patients and appreciate referrals of your family and friends.

**YOUR COMMITMENT TO US:** I understand that I am ultimately responsible for my account in this office, regardless of what insurance benefits or other third-party compensation may or may not be applied to my account. I authorize payment of any medical benefits directly to MCC. If my insurance denies coverage for my treatment and an appeal is necessary, I will be expected to pay my balance due within 30 days of receiving the denial. If, after the appeal, my insurance does issue payment to MCC, then MCC will issue me a refund.

I also consent to the release and retrieval of my personal health information by MCC to and from my medical and/or any automobile or other insurance companies, and all third parties involved in my care. I agree to a charge of \$50 if I fail or \$25 if I cancel a scheduled appointment **without giving MCC a 24-hour notice.**
